Cheese Manicotti

Preparation and Additional Information:

Instructions for Preparation and Cooking:

Preheat oven to 350°F. - Pour your favorite sauce into the bottom of an oven-safe pan. - Place frozen manicotti in pan and cover lightly with more sauce. - Cover pan loosely with aluminum foil and place in oven. - Bake for 50-60 minutes until cheese is slightly firm and the internal temperature reaches 165°F for at least 15 seconds. - Remove dish, let stand for 5 minutes and serve. Cooking times may vary with each appliance and the number of crepe manicotti you cook. Use caution when removing cover in case of steam build up. Due to the delicacy of the crepe, for easier handling, cut the crepe in half before serving_
